

Newtown Public Schools
Chromebook Insurance Program Form
2021-2022 School Year

The Chromebook Insurance Program is to provide families with protection against unanticipated costs arising from the device being damaged or stolen. This program is offered to students in all grades who are assigned a Chromebook to take to and from school.

COVERAGE: This program covers the Chromebook for all students against accidental damage or theft of the device subject to the following: \$0 deductible for the first two occurrences per year and \$50 deductible per occurrence thereafter.

PROGRAM DESCRIPTION: The Device Insurance Program is designed to protect students and families in the event that the Chromebook issued to a student is stolen, damaged, or malfunctions due to no fault of the student. Students and parents may be charged for any damage resulting from intentional damage to the device caused by the student or for lost devices.

EFFECTIVE AND EXPIRATION DATES: This coverage is effective from August 30, 2021, until the Chromebook is collected at the end of the school year.

Insurance must be renewed annually.

PREMIUM: The cost for the school year is \$20.00. In the event a student withdraws from the district, the premium is not refundable. If a family does not choose to pay the annual premium, the family is responsible for the full cost of replacement parts plus labor or full replacement cost of the Chromebook, charger, and case. (See attached cost for repairs.)

Families experiencing economic hardship may request a fee waiver by contacting their school administrator.

Parents must elect coverage by completing this form and submitting a **check payable** to Newtown Public Schools by **September 30, 2021**. **Please include "Chromebook Insurance" on the check memo.**

Yes, I agree to participate in the Chromebook Insurance Program. I agree to the terms of participation as outlined in this notification and have included the \$20 premium payment.
